

LES PETITES NOUVELLES DU BUREAU

Dans cette nouvelle rubrique seront présentées, d'une manière ponctuelle et non régulière, au fil des événements, des petites nouvelles relatives au Bureau mais d'une teneur moins formelle que nos autres communiqués.

Nous souhaitons vous dresser quelques portraits de collaborateurs, vous faire part de nos réussites et projets, ou encore vous parler de nos rencontres importantes et de la place que prend le Bureau sur la scène internationale...

Nous espérons que vous apprécierez cette forme de communication de proximité, plus humaine et moins technique, destinée à vous impliquer davantage dans nos actions et à vous immiscer dans notre quotidien.

Just came out from press!

Our 2007-2008 activities report was recently published, full of information and of surprises! It is not only including the evolution, the current situation and the upcoming projects of the IBCR, but reading this report is also a wonderful opportunity for you to get to know the people who work with us, every day or occasionally, and who devote themselves to Children's Rights.

Thus, you will have the chance to discover the **Messages** from our Patron, our President and from our Director General, who, for her first report, gives an enthusiastic and dynamic review for this passed year at the IBCR. Besides, she also emphasizes the progresses and numerous projects, implemented during the past twelve months.

We will also have the opportunity to notice that the **Mission and Objectives** part has been strengthened in order to allow our readers to figure more our mission, reflected in the various programs and the implemented means of action to fulfill our aims.

Furthermore, this new report devotes a whole page to testimony of different actors who, in their own way and at their own level, contributed to the success of IBCR. Either members of the Board of Directors, volunteers and interns, or members of the permanent team: a short **testimony** from some of them, included with a picture of them, will give you the opportunity to know them better...

Finally, as usual, our annual report let a significant place to the **program managers**, so that they can explain in details their results and the news projects coming for their program.

Hence, this activities report ends up with a brief summary of the **revenues and expenses** of the IBCR during the past year.

Of course, the Bureau doesn't forget in its report to thank sincerely and to tribute all the people who, during this year or for a long time, have been supporting the Bureau and have been offering their time, their knowledge and their experience to serve Children's Rights.

The 2007-2008 activities report is now available on our website (www.ibcr.org) or in hard copy upon request at the IBCR.

To be taken without moderation! Have a nice reading time!
