Conference - Redefining power: Strengthening the rights of the child

The Council of Europe has been working to further this vision at the European level for over a decade, reaching the mid-term of its Strategy for the Rights of the Child (2016-2021) this year. Much has been accomplished in this time. And yet there is much that remains to be done to make Europe "future-proof" for children. The conference aims to bring together stakeholders for bold, challenging and open discussion on the achievements, challenges and trends in children's rights, with children playing an active part throughout.

Date: November 13th-14th, 2019

Location: Palais de l'Europe, Strasbourg, France

Organised by: Council of Europe - [More information](#)
